

COVID-19 RESEARCH COLLABORATION SERIES

The Office of the Vice President for Research, in partnership with the Institute for Engineering-Driven Medicine and the Clinical and Translational Science Center, is pleased to present:

Impacts of Social Distancing

Thursday, March 11th • 3-4 pm

Talk #1 The Impact of Social Distancing During the COVID-19 Outbreak on Mental Health and Substance Use Outcomes: Examining Risk and Protective Factors in Young Adult Populations in New York

Presenters: Dr. Sana Malik, Assistant Professor, School of Social Welfare and Dr. Ijeoma Opara, Assistant Professor, School of Social Welfare

Talk #2 Psychosocial Impact of COVID-19-Induced Social Isolation (PICS) on Youth with Autism Spectrum Disorder: A Longitudinal Study

Presenters: Dr. Matthew D. Lerner, Associate Professor of Psychology, Psychiatry, & Pediatrics, Director of the Social Competence & Treatment Lab, and Research Director of the Stony Brook Autism Initiative and Alan H. Gerber, M.A., Doctoral Candidate, Social Competence & Treatment Lab, Department of Psychology

The purpose of this series is to facilitate collaborations on COVID-19 research projects. Open to all SUNY investigators. The presentation portion of this session will be recorded. The Q&A will not.

Please register here and hold your calendar for this event.

You will receive a Zoom link before the session.
