STONY BROOK UNIVERSITY President's First Semester Update December, 2024

MEASURABLE MOMENTUM

ACHIEVED MILESTONES

- Largest class of first-time students since the public university was founded in 1957, including highest number of EOP students in Stony Brook's history.
- Applications for 2025 are running 35% ahead of last year and 86% compared to two years ago.
- Highest Pell percentage among public university flagships in New York State.
- 24% increase in our economic impact on Long Island to \$8.93 Billion
- Best Fundraising Year in the university's history more than 9,000 people pledged or contributed \$655 million dollars with \$67 million going toward our endowment
- Zero Recommendations from Middle States Commission on Higher Education indicating we met in full every single one of the high expectations they have for a university like ours.
- Earned an 'A' Hospital Safety Grade from The Leapfrog Group for Stony Brook University Hospital and Stony Brook Southampton Hospital.
- Attained Long Island's first Health Care Equity Certification
