

Student Life Committee - University Senate
SAC 223
2-12-2026 at 3pm

Ahmed Belazai came to talk about the Pulse survey.

- Discussion about Monday night men's basketball game that is on CBS Sports at 8pm in the arena

Overview of the Pulse Survey

- Sending out to 27,000 students a one or two question survey.
- This is a 1-10 rating one question survey that is asking if you are likely to recommend stony brook university to a friend or peer?
- Then they have the option to add a comment

Do you have responses by groups vs populations? That would fill out the survey.

Talked through the different parts of the survey and the patterns that have come up over the last 3 years.

Are there questions that people have on specific other questions that we would want to see next meeting as we gain feedback on this pulse survey.

Next Meeting

- Ahmed return on Pulse survey
- How are we planning to get students at the events such as basketball and inauguration events that will highlight Stony Brook? Do we have other reach that you plan to push on various channels? If so what has been the response.
